

On 28th September 1066, William Duke of Normandy and his army landed at Pevensey. Sixteen days later and seventeen miles away, he defeated Anglo Saxon King Harold and changed the course of English history.

The 31-mile 1066 Country Walk is a relatively easy, low-level route. Follow it through countryside that witnessed the Norman Conquest, from Pevensey Castle, past world-famous Battle Abbey, through medieval Winchelsea and into charming Rye.

The Walk passes through the High Weald National Landscape, with rolling hills and valleys, atmospheric marshes, ancient woodland, historic towns, quaint villages, old churches, rustic farms, elegant estates, oast houses and windmills, and plenty of cosy pubs and cafés along the way.

This guide assumes you start in Pevensey and end in Rye (though you can walk either way).

It breaks the Walk into six easy sections, each of which takes 3-4 hours.

Or why not make a weekend or week of it? There are lots of places to stay along the route.

2 Herstmonceux Castle to Brownbread Street
5.5 miles

Farmland and quiet lanes

Pass the former Greenwich Observatory and turn right down Wartling Road, before crossing and leaving the road to skirt Wartling Wood on the left. Head north, across fields, to Boreham Street. Cross and turn right along the road, before bearing north across open fields and joining a lane to Brownbread Street.

Did you know...
In the 12th Century, Idonea de Herst married Norman nobleman Ingelram de Monceux. Herstmonceux Castle is one of England's oldest brick buildings.

3 Brownbread Street to Battle Abbey
6.6 miles

Old estates and historic hills

From Brownbread Street, follow lanes through Ashburnham Estate. After the bridge at Old Forge, turn right off the lane towards Tent Hill's stunning views. Across the A271 take a track through Normanhurst Estate to Catsfield and cross the B2204. Descend through Powdermill Wood and up through fields to Battle Abbey.

Did you know...
Different sources suggest that either the Norman or Saxon army camped on Tent Hill the night before the Battle of Hastings. The historically accepted battle site is Senlac Hill where Battle Abbey now stands.

Top tips

- The 1066 Country Walk is 31 miles long. It's a relatively easy, low level route, but is not recommended for cycling and wheelchairs
- The route is clearly signposted, but we advise taking OS Explorer Map 124
- Allow 2-3 miles per hour or 3-4 hours per section (more if muddy)
- For places to stay locally see visit1066country.com
 - Shut gates
 - Carry water
- Dress for the conditions
- Tell someone your route
- Take care at crossings
- Keep dogs on leads and under control
- Stay on public paths across farm land

What's on the Walk

Thanks to a grant secured by Rother District Council Cultural Development from the European Agricultural Fund for Rural Development the 1066 Country Walk was given a new lease of life in 2021.

There are over 80 new wooden signs and information panels by The Sussex Sign Company, 10 bespoke sculptures and 11 benches by Sussex artist Keith Pettit: keithpettit.com

The project aims to attract walkers to explore this beautiful route and the surrounding historic landscape, boost the local rural economy and encourage health and well-being.
